Your Itinerary and abbreviations:

KM = distance cycled by bike, AM = altitude climbed by bike, B/L/D/W = meals included (Breakfast/ Lunch/ Dinner)

### ***Day 1 Arrival on The Garden Route – George***

Meet your guide at the airport and do a short transfer to Plettenberg Bay. After your bike setup and final preparations, you can spend the afternoon down at the beach. Plettenberg Bay is known its pure white stretch of beach and the Robberg Peninsula. If time allows you can walk the Robberg Peninsula and visit the seal colony. (optional extra) Tonight's dinner is included and we frequent a great fish restaurant and get a rundown of the days to come. **(D)**

### ***Day 2 Plettenberg Bay to Knysna***

We depart our accommodation by bike and head inland at first on tarmac then gravel as we head towards the Knysna forest, known for the last remaining elephants around the Diepwalle forest station. Today's ride has a few climbs which offer spectacular views over the surrounding forestry area. The last downhill will be exhilarating as you head your way to the Knysna Lagoon. Tonight's accommodation is in a comfortable but interesting guest house. **(B/L) ± 80km/1400m**

### ***Day 3 Phantoms and the road to George***

We leave the lagoon town by bike and start the well known Seven Passes Road as we head inland and cycle along the foot of the Outeniqua mountains. Our first pass is the Phantom Pass, named after a rare butterfly found in the forest. Our hilly route takes us past lush dairy farms and spectacular scenery before we pop out in George, the administrative centre for the Garden Route. Tonight's accommodation is a comfortable guest house. **(B/L) ± 80km/1600m**

### ***Day 4 Crossing the Outeniqua Mountains and the Cango Caves***

Today we leave the coastal green belt and head over the Montagu Pass (built 1844) and into the dry and arid Little Karoo. Some of the stonework bordering the pass is still original as well as The Old Toll House. The toll was 2 pence per wheel and one penny for each pulling animal. The downhill is short and fast before we head towards the ostrich capital using country roads of undulating nature with the Swartberg Mountains as our backdrop. We load the bikes at some point and transfer by vehicle to visit the Cango Caves. Your guided tour is an hour and highlights the dripstone formations in a vast network of caverns and chambers. Tonight's accommodation is a lovely guest house out in the country with an excellent kitchen.

**(B/L) ± 62km/980m**

### ***Day 5 Ostrich - The Swartberg and a Port Wine Capital***

After breakfast, we do a short transfer in our support vehicle and visit an ostrich farm. Here you learn all about these fascinating birds and their economic importance during a 45min walking tour of the property. We start our cycle route from the farm and follow a country road heading into town. Passing tobacco drying sheds, onion plantations and more curious ostrich. Leaving Oudtshoorn we follow an old concrete road that runs parallel to the Olifant's River. The Little Karoo is no less beautiful than the green forests along the Garden Route. Come see for yourselves. Tonight's accommodation is in the port wine capital called Calitzdorp. **(B/L) ± 90km/350m**

### ***Day 6 The Rooiberg Pass***

Suggest an early start as today gets rough and tough but worth the effort. You climb the infamous Rooiberg Pass, this 11km climb will offer spectacular views over the surrounding Little Karoo and the majestic Swartberg range in the background. The downhill will need to be watched as the underground can be loose gravel. We spend two nights in a lodge tucked away from the outside world. **(B/L) ± 43km/915m**

### ***Day 7 Relax and day off***

Today is relaxing and chill at the pool. You have worked hard to get here and the road is still long. This lovely thatch-roofed lodge has an immaculate green lawn and a large swimming pool. During the early morning hours, it could be you get woken by the noise of zebra eating the grass outside your chalet, you can spot giraffe and a few other animal types on occasion. Tonight we have a relaxed BBQ or as we South Africans call it, a braai. **(B/D)**

### ***Day 8 Rooiberg to Riversdale***

Rolling hills await us after breakfast. We leave the lodge by bike and the day's ride will test you with the Garcia Pass but also the long and dusty terrain. Tonight's accommodation is a comfortable guest house with a 5-star kitchen. **(B/L) ± 75km/940m**

### ***Day 9 Riversdale to Swellendam***

We leave our comforts by bike and head towards Swellendam via Heidelberg. The route generally climbs with some tough hills and spectacular views. The downhill from Heartbreak Hill is a blast and offers great views of the Langeberg Mountains before we hit tarmac and cycle through the little village of Suurbraak. We load our bikes here and transfer into Swellendam, the third oldest town in the Cape. Tonight's accommodation is a comfortable guest house. **(B/L) ± 80km/1500m**

### ***Day 10 Swellendam to Franschhoek – Entering the Cape***

We do a short transfer (30min) after breakfast to the start of our cycle. Another day of rolling picturesque countryside awaits us as we cycle through the Cape's largest grain-growing region. At certain times of the year our national bird, the blue crane can be seen in the fields. We end our cycle in the village of Greyton, and enjoy the peace and tranquillity before we transfer into Franschhoek and spend the night in a comfortable guest house. The rest of the day is free to take in the atmosphere and visit the many galleries and bistros and sample the wine. **(B/L) ± 35km/370m**

### ***Day 11 Stellenbosch***

We transfer from Franschhoek to Jonkershoek Nature Reserve just outside of Stellenbosch and spend some time exploring the valley and views. Your cycle ends at the accommodation. Once showered and all spruced up, there is no better time to explore the old town. The vibrant bistros, bars, galleries and shops will keep you entertained for hours. You, of course, can also visit some of the wine estates in the area. We spend one night in a comfortable guest house. **(B/L) ± 20km/200m**

### ***Day 12 The Cape of Storms – penguins and Chapmans Peak***

We leave Stellenbosch with our vehicle and travel to the most South Western tip of Africa, but first, we stop at Boulders, the penguin colony. You get to cycle in the Cape of Good Hope reserve and have your picture taken at this iconic point. We then do a short transfer to the start of arguably one of the most scenic coastal roads in the world and cycle Chapman's Peak to end the day at the beach in Hout Bay. Don't forget your costumes. We transfer to our accommodation in the heart of Cape Town where you spend two nights. **(B/L) +-50km/480m & 10km/300m**

### ***Day 13 Table Mountain and the waterfront***

After breakfast, you have a few options for the day. If the weather is favourable then a trip up Table Mountain is a must and not to be missed (optional) we then do a walking orientation tour of the city and take in the sights and sounds of this metropolis. The afternoon is free to explore the waterfront with the many restaurants, shops, and street musicians. Our last dinner together is **"African" (B/D)**

### ***Day 14 Departure***

All good things have to end. It was a pleasure having you on tour with us and we hope to see you again soon. Your guide will take you to the airport for your departure home. **(B)**
